Hi Catherine,

Per our conversation, here is a first draft of an agenda for the meeting. Please feel free to think it over and make changes would better facilitate messages and conversation. Do we need to explain who FORC is? Should David have an introductory role? Etc.

April 4th Outreach on Runyon Canyon Vision Plan

Proposed Agenda

- Role of Private/Public Partnerships – RAP
 - Needed to sustain/improve/enhance parks in the future
 - Needed to accommodate the growing great LA population
- Runyon Canyon Demographics – FORC
 - Very eclectic group by location, age and ethnicity
- Outreach Efforts to Date – FORC
 - Since May 2015 via Surveys, Fundraisers, Community Outreach meetings, RAP public meetings
 - Emails, websites, Facebook pages, Nextdoor, In Park Data Collection
- Runyon Canyon Vision Plan – MLA
 - Professional park landscape architecture experts
 - Vision and Ideas of what "could be"
 - NOT a blueprint, but a conceptual plan
 - Highlights of the Vision
- Near-Term Park Improvements – FORC or CD4?
 - Improvements being made during the 4-month Closure
- Q&A

PS: Claire is from MLA and will be briefing the Vision.

And thank you for your advice, as always...
